

Are you wondering what our **Teledentistry program** is doing to help prevent possible COVID-19 transmission in our school dental clinic?

Check out the prevention steps we are taking!

We are...

Implementing a screening assessment with temperature checks

Maintaining an exceptional infection/universal precautions protocol

Enhancing disinfection measures between patients

Practicing frequent handwashing and sanitizing of all surfaces

Requiring mask wearing by staff at all times

Ensuring all personal protective equipment is being utilized

Contact the Office of Oral Health at 912-287-4893 or visit our website www.sehdph.org/services/teledentistry for more information on how to enroll your child in our Teledentistry program.

Your family's safety and well-being are our top priority!
